

VARIABLE HEIGHT UNITS

A new range of affordable benches and free-standing tables to help schools satisfy the requirements of The Disability Discrimination Act 1995. With robust all steel construction for rigidity and stability, and easy stepless adjustment from 600mm – 900mm, these precision engineered units can be used throughout the school in a variety of applications. The handle is front mounted for ease of use and an electronically operated version is also available.

WORK BENCHES

These are often specialist units for science laboratories and food rooms. Worktops can be laminate, CORIAN or TRESPA and they can be fitted with a variety of services. Standard tops are 1200mm x 800mm but other sizes are available. The following prices give some idea of what is available but the list is by no means exhaustive. Please contact us for other sizes and specifications.

Laminated worktop colours - Grey, Cream

Frame colour - Grey, Blue
