

Manufactured in the UK: Comprising a mild steel, fully welded framework, epoxy powder coated in a range of colours and fitted with a removable stainless steel top as standard with a choice of tray configurations.

HTM71 System: Our medical trolley features ABS HTM71 basket liners, complete with HTM71 trays and arrestor clips to stop accidental removal of trays. Trays can be easily subdivided utilising our divider system. (At an additional cost)

Mobile Trolley: Klick Technology hospital trolleys are easy to manoeuvre. They are fitted with four 100mm castors (two braked) with grey thermoplastic tread and ring buffers for wall and door protection.

Low-level trolley: Our low-level hospital trolley with drawers will fit neatly under a standard 900mm worktop

Cleaning: Slide in Foamex side panels, liners, trays and top can be quickly and fully removed allowing easy access to all areas for a full & thorough cleaning programme.

Future proof: HTM 71 trays are interchangeable with all our HTM71 storage solutions.
