

Fabricated in 1.5mm mild steel, powder coated in RAL 9016 white lead free epoxy polyester.  
Fitted with an 8-lever safe lock (2 keys supplied).

Compliant with "Misuse of drugs (safe custody) regs 1973" & BS2881:1989

We offer a number of standard size inner cabinets together with a bespoke manufacturing service.

CD inners are manufactured to the same standards & specifications required for controlled drugs cabinets.

They can be used as standalone controlled drug cabinets or fitted into a larger drug or HTM71 cabinet.
